

## Clean Water U & You

Clean, safe drinking water is as close as the tap in the kitchen for most of us but its an impossible dream for many around the world.

**Clean Water U** trains mission volunteers on how to work with communities to set up and maintain dependable, safe water systems. Sponsored by the Synod of the Pacific and the Synod of Living Waters, **Clean Water U** offers an in-depth week long training for volunteer leaders at Calvin Crest Conferences near Oakhurst, California. Clean water systems have been set up at 312 sites in 23 countries, but the need continues.

**Clean Water U** is one of many local, life changing mission projects that can be found on the **Pacific Mission Exchange** website that connects donors with great projects. The **PMX** website is professional designed and offers a secure, quick, and easy-to-use process to charge your credit card. Plus, **PMX** does not charge a transaction fee so all of your donation goes straight to the project of your choice.

Come visit **PMX** today and support **Clean Water U**.
